

THE FOUNDATION OF MONROE COUNTY COMMUNITY SCHOOLS

IS PLEASED TO PRESENT

EDUCATING OUR CHILDREN IN AND FOR THE 21ST CENTURY

A TOWN HALL MEETING

With the MCCSC High School Leadership

This school year, the Foundation will again convene a series of conversations designed to specifically address public education *in our community*. In this first town hall meeting, our high school principals will discuss the current realities of education in our four high school programs. We will learn how our schools and our students are doing today, what efforts the school corporation will take to continue the process of improving school for all students, and what new models for delivering education we might consider for the benefit of our 21st century learners.

Please plan to attend this important event as the greater Bloomington community continues to collectively explore our expectations for the future of education in the 21st Century.

Childcare will be available.

Location

Bloomington North High School
Library
